2021 Golf Classic

Proceeds to OR Renovation

As an independent, community hospital, Valley Presbyterian Hospital must be prudent stewards of its resources so we can remain a vital community asset today and well into the future. We do this by focused investment in people, their processes and the critical infrastructure they need to address the most pressing needs in our community.

This year, we've embarked on a renovation of several of our operating rooms and supporting areas. The rooms will get significant upgrades to critical areas such as their mechanical systems which are important in controlling temperature and humidity of the operating environment. New lighting systems will improve visibility and control for our surgeons.

The overall efficiency of the department will be enhanced with the enlargement of the holding area to accommodate an additional bed, new scrub sinks, and a new security door with live camera and two-way communication. These enhancements will increase throughput, convenience and overall workability.

These efforts are part of our overarching goal to create a space and environment for our patients and staff that is reflective of our commitment to quality and excellence.

We thank you for your vital support of this renovation and for helping us make a greater impact in our community.

VALLEY PRESBYTERIAN HOSPITAL

11th Annual Golf Classic
